1. If funds warrant, it is highly recommended that additional manpower may be hired and the existing storeroom may be improved/upgraded to accommodate the supplies and materials.	In 2020, the University hired an OJT and Quality Assurance Coordinator, that specifically caters to internship concerns, accreditation, and quality process monitoring. Also, an extension coordinator, and faculty researcher was assigned to focus on research and extension production and implementation. At present, the North wing, which where the Psychology Department is located, is being renovated to help address shortage of classroom and learning facilities and for a more spacious and conducive learning environment. This is also made to improve areas for storage of supplies and materials.	100%	Appointment of OJT and Quality Assurance Coordinator Appointment of Extensionist Appointment of Faculty Researcher Construction for the new main academic building
