3. To fully determine the level of awareness and acceptability of the vision, mission, goals and program outcomes, it is recommended that scientific research be conducted using appropriate methodology.	Conducted a study to determine the PUP BS Psychology stakeholders' awareness and level of acceptability of its vision, mission, goals, and objectives (VMGO). The study employed the descriptive method using the Google Form electronic survey to a convenience sample of students, faculty members, administrative officials, administrative staff, alumni, and other external stakeholders of the school.	95%	Manuscript of the study level of awareness and acceptability of the vision, mission, goals and program outcomes
	Pending write-up of the research		
4. To measure the attainment of program outcomes, a scientific study on the following may be conducted: a. Employability of graduates covering the first batch to present	Conducted a study about the scientific procedures and systems are employed in monitoring and ensuring the attainment of BS Psychology's program goals, namely: a. Periodic IDSA tracer studies to describe employability and monitor the graduate's professional trajectory or growth b. Successful graduates, through testimonial dinners are invited, interviewed and recognized. Formal requests to CHED regarding the Program's performance in the board exam are also made.	100%	IDSA Tracer Study on employability of Graduates Records on notable alumni / Testimonial Dinner GIA Meeting
