COMPLIANCE REPORT

School: **Polytechnic University of the Philippines**   Area Evaluated: **Area X- Research**

Program: **Bachelor of Science in Psychology**   Accreditor: _____

Date of Formal Survey: **August 2-4, 2023.**   Remarks: _____

Recommendations	Actions Taken by host / Program implementer	Degree or % of Compliance	Evidences of Compliance
1. If funds warrant, it is highly recommended that additional manpower may be hired and the existing storeroom may be improved/upgraded to accommodate the supplies and materials.	In 2020, the University hired an OJT and Quality Assurance Coordinator, that specifically caters to internship concerns, accreditation, and quality process monitoring. Also, an extension coordinator and faculty researcher were assigned to focus on research and extension production and implementation. At present, the North wing, which is where the Psychology Department is located, is being renovated to help address the shortage of classroom and learning facilities and for a more spacious and conducive learning environment. This is also made to improve areas for storage of supplies and materials.	100%	Appointment of OJT and Quality Assurance Coordinator Appointment of Extensionist Appointment of Faculty Researcher Construction for the new main academic building

2. Since the University is heading toward a higher level of Accreditation, it is suggested that performance evaluation be conducted by an external body for a more objective review of accomplishments vis-à-vis targets and plans of the University.	The University was subjected to The QS Stars university rating system which uses a comprehensive and in-depth framework to rate and compare university performance across a broad range of key criteria such as Research, Teaching, Employability, Internationalisation, Academic Development, Facilities, Online Learning, Innovation, Arts and Culture, Inclusiveness, Social Responsibility, Environmental Impact, and Specialist Criteria. It's designed to provide valuable insights into areas of strength and weakness, driving best-in-class standards in higher education. The University received an overall rating of 3 stars, which means the University is well-recognized nationally and may have also begun to attract international recognition. The University also applied for Institutional Accreditation, an evaluation of a whole educational institution of which the guidelines and standards was formulated in collaboration with the existing federations/networks of accrediting agencies to be approved by CHED. Last September 2022, PUP was visited by the AACCUP for the Institutional Accreditation Survey, and on March 29, 2023, the University was finally Awarded Level III Accreditation. The areas evaluated are as follows: Governance and management, teaching, learning and evaluation, Faculty and Staff, Research, Extension, consultancy and linkages, support to students, library, infrastructure and learning resources, and quality assurance culture.	100%	QS 3 Stars Rating Level III Institutional Accreditation Rating
